DETAILED ACTION

1. Claim 10 is allowed. Claims 26 and 31-32, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: the limitations reciting a punching apparatus to punch a guide notch in a strip of a zipper having a female track and a male track as claimed wherein the apparatus includes a housing having slots as claimed and a slidably moveable punch aligned with slot plane boundaries as claimed in combination with other limitations set forth in claim 10 are not anticipated or made obvious by the cited prior art. For example, Fitz teaches a punching device including a positioning apparatus having a frame and guides. However, Fitz does not teach a punching apparatus to punch a guide notch in a strip of a zipper having a female track and a male track as claimed wherein the apparatus includes the housing having the slots as claimed and the slidably moveable punch aligned with the slot plane boundaries as claimed in combination with other limitations set forth in claim 10.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
